

**CERTIFICATION UNDER SECTION 1511 OF THE AMERICAN  
RECOVERY AN REINVESTMENT ACT:**

Pursuant to Title XV, Subtitle A, Section 1511 of the American Recovery and Reinvestment Act (Pub. L. 111-5 [February 17, 2009]) ("ARRA"), I, Bob Riley, Governor of the State of Alabama, hereby certify that the attached list on infrastructure investments has received the full review and vetting required by law and the State of Alabama accepts responsibility that such investments are appropriate uses of taxpayer dollars. It is further certified that the specific information required by Section 1511 concerning each such investment (a description of the investment, the estimated total cost and the amount of ARRA funds to be used) is included on the attached list of infrastructure investments and is available to the public on the respective state agencies' websites.

I understand that state agencies/institutions may not receive ARRA infrastructure investment funding unless this certification is made and posted.

  
\_\_\_\_\_  
Bob Riley, Governor

Signed this 2<sup>nd</sup> day of February 2010

ATTACHMENT

Agency/Institution	Grant/Program	Project Description	Estimated Total Project Cost	Amount of ARRA Funds to be used for the Project
Auburn University	SFSF	Campus Lighting System- security lighting on campus to ensure student safety . Primarily on Magnolia Avenue (921911)	\$450,000.00	\$300,000.00
Auburn University	SFSF	Library Recarpet -replacement of carpet on 2nd floor of Ralph Draughn Library on Main Campus. Assistance related to Writing Center location (921905)	\$600,000.00	\$300,000.00
Auburn University	SFSF	Replace Roofs in four campus buildings:Funchess, Foy, Wilmore, Mary Martin (921910)	\$1,499,753.00	\$1,499,753.00
Auburn University	SFSF	Replace Louvers in Peet Building. Outer louvers near the top of the building are required to let smoke escape in the case of fire. Louvers are leaking and rain is getting into building. (921909)	\$100,000.00	\$50,000.00
Auburn University	SFSF	Classroom Multi-Media Upgrade - This project will add multi-media capability to 24 classrooms in several buildings (learning capacity). It also includes upgrading current multi-media equipment in 40 – 50 classrooms. For added security, card access locks will be added to the rooms where needed. (921903-921904)	\$955,000.00	\$955,000.00
Auburn University	SFSF	Expand Wireless Coverage on Campus - estimated \$700K of total relates to equipment (radios). Provide access to students, faculty and staff across campus. (921902)	\$1,000,000.00	\$1,000,000.00
Auburn University	SFSF	Security Cameras -approximately 40 pan, tilt zoom and 90 fixed site surveillance cameras to be mounted in various locations across campus to help ensure student safety.	\$275,000.00	\$275,000.00
Auburn University	SFSF	Public Address Systems Outside - Five to six outdoor public address systems will be installed to address issues related to student and faculty safety (921906)	\$175,000.00	\$175,000.00
Auburn University	SFSF	Indoor Fire Alarm Address System - ties into fire alarm and allows for voice warning (921907)	\$78,000.00	\$78,000.00
Auburn University	SFSF	Safety Department - EMA Shutter & Emergency Enclosure-lock down area where safety personnel can operate in emergency situation; External Defibrillators; Emergency Telephone/Radio system; T-3 Vehicle; NoAA Weather Radios for campus; Tables & Chairs; Projectors; Night Security Vans for transporting students to residence halls. (101099 Safety + 921908..)	\$628,100.00	\$628,100.00
Auburn University	SFSF	Cable TV Emergency Alert- emergency notification access to students in classes over TVs/Teaching Monitors	\$23,900.00	\$23,900.00
Auburn University	SFSF	Computer Equipment-Online Courses and Computer System redundancy/failover system (102099)	\$432,995.00	\$432,995.00
Auburn University	NIST 60NANB9D9140	Advanced Science Innovation and Commerce Building -A 68,000 sq ft building designed to provide facilities for five major multidisciplinary research groups working on standards, measurement and forecasting related to the environment, biofuels and water and food quality and safety. Awarded and approved by NIST on8/10/2009.	\$29,834,150.00	\$14,427,075.00
University of Alabama at Birmingham	0922910/National Science Foundation	MRI: acquisition of imaging x-ray photoelectron spectroscopy system for interdisciplinary research and education in multi-scale materials	\$616,000.00	\$431,200.00
University of Alabama at Birmingham	1G20RR025858-01/NCRR/NIH	Developing and Improving institutional animal resources	\$622,279.63	\$499,105.00
Wallace State Community College - Hanceville	SFSF	Re-roof Wellness Center	\$800,000.00	\$800,000.00
Wallace State Community College - Hanceville	SFSF	Renovation of Cosmetology Building	\$173,366.00	\$173,366.00
Wallace State Community College - Selma	SFSF	Network and Data Storage Equipment	\$500,000.00	\$500,000.00
Wallace State Community College - Selma	SFSF	Digital Video Network Equipment	\$100,000.00	\$23,015.00

Agency/Institution	Grant/Program	Project Description	Estimated Total Project Cost	Amount of ARRA Funds to be used for the Project
Alabama A&M University	SFSF	Modernization, renovation, and/or repairs to male and female dormitories (Safety and Emergency Systems)	\$2,000,000.00	\$2,000,000.00
Alabama A&M University	SFSF	Modernization, renovation and/or repairs to Council Training ROTC Training Facilities (Restrooms and Mechanical Systems)	\$200,000.00	\$200,000.00
Alabama A&M University	SFSF	Renovations to Carter Hall Science Building (Window Replacements)	\$360,117.00	\$360,117.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Marion County, this project will provide adequate public water service by replacing 2" lines, by installing 17,500 L.F. of 6" PVC and related appurtenances, installing 6 fire hydrants, reconstructing and paving Ember Drive, and conducting associated activities and installing associated appurtenances. This project will benefit approximately 143 persons, 82.51% of these are LMI.	\$391,103.00	\$391,103.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Lowndes County, this project will include dredging the primary lagoon cell, installing an aerator system and biologic treatment module, upgrading electrical systems, and conducting associated activities and installing associated appurtenances. This project will benefit approximately 129 persons, 100% of these are LMI.	\$500,000.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in DeKalb County, this project will provide improved sewage collection by lining approximately 5,318 L.F. of 10" VCP gravity sewer, lining approximately 2,590 L.F. of 8" VCP gravity sewer, replacing approximately 316 L.F. of 10" VCP with 10" PVC, rehabilitating approximately 42 manholes, and conducting associated activities and installing associated appurtenances. This project will benefit approximately 1,461 persons, 53.7% of these are LMI.	\$507,124.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Wilcox County, this project will improve sewage collection and treatment facilities by rehabilitating approximately 3,700 L.F. of 12" VCP, installing 4 UV systems, installing 4 bar screen systems, and conducting associated activities and installing associated appurtenances. This project will benefit approximately 2,183 persons, 54.3% of these are LMI.	\$500,000.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Lamar County, this project will rehabilitate both of the system's water storage tanks, conduct associated activities, and install associated appurtenances. This project will benefit approximately 417 persons, 61% of these are LMI.	\$141,000.00	\$141,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in St. Clair County, this project will rehabilitate the sewage collection system including lining approximately 3,632 L.F. of 8" sanitary sewer main, repairing 15 manholes, installing new 4" PVC, installing associated appurtenances, and conducting associated activities. This project will benefit approximately 2,213 people, 53.2% of these are LMI.	\$500,000.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Covington County, This project will include resurfacing West Fifth Avenue and Juniper Street, installing concrete curb and gutter, and conducting associated activities and installing associated appurtenances. This project will benefit approximately 64 persons, 90% of these are LMI.	\$280,223.00	\$270,223.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Clay County, this project will include the renovation of a 250,000 gallon water tank, foundation repairs, installation of overflow volume metering, and conducting associated activities and installing associated appurtenances. The project will benefit approximately 1,192 persons, 56.96% of these are LMI.	\$264,316.00	\$264,316.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Dallas County, this project will reconstruct J.L Chestnut Blvd., including resurfacing, installing curb and gutter, and conducting associated activities and installing associated appurtenances. The project will benefit approximately 19,914 persons, 54.5% of these are LMI.	\$500,000.00	\$500,000.00

Agency/Institution	Grant/Program	Project Description	Estimated Total Project Cost	Amount of ARRA Funds to be used for the Project
Alabama Department of Economic and Community Affairs	Community Development Block Grant	located in Winston County, this project will include resurfacing, installation of curb and gutter, installation of valley gutter, installation of 2"-6" PVC water lines, fire hydrants, and constructing associated activities and installing associated appurtenances. This project will benefit approximately 139 persons, 100% of these are LMI.	\$500,000.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in chambers County, this project will abandon and demolish the existing lift station, install 1 10" concrete wet well with epoxy liner, install 2 submersible 60 HP pumps, and conduct associated activities and install associated appurtenances. This project will benefit approximately 599 persons, 63.1% of these are LMI.	\$475,000.00	\$475,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	This project will resurface approximately 2.75 miles of deteriorated sections of County Road 83 and will conduct associated activities and install associated appurtenances. The project will benefit approximately 122 persons, 95.4% of these are LMI.	\$462,190.00	\$462,190.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Baldwin County, this project will replace 2 of the city's sewage pump stations (Railroad and Dobson) including the demolition of the existing wells, installation of 2 wet wells, lining of approximately 1,650 L.F. of 8" sewer lines, manhole rehabilitation, and conducting associated activities and installing associated appurtenances. The project will benefit approximately 6,883 persons, 55.3% of these are LMI.	\$600,000.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Sumter County, this project will involve the installation of a pump station and approximately 5,300 L.F. of new 8" gravity sewer and appurtenances to serve the new Sumter County High School. The project will benefit approximately 14,543 persons, 60.4% of these are LMI.	\$545,700.00	\$500,000.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Coffee County, this project will include the construction of one deep water supply well to replace the failed well #2. Activities will include drilling a test hole, test well with pumping and water analysis, well construction, electrical controls, and other associated appurtenances and activities. This project will benefit approximately 3,816 persons, 54.7% of these are LMI.	\$550,474.00	\$438,874.00
Alabama Department of Economic and Community Affairs	Community Development Block Grant	Located in Marion County, this project will provide new public sewer to the Woodland Heights subdivision. The project will include the installation of approximately 8,000 L.F. of 8" sewer main, 4,000 L.F. 3" force main, 5,000 L.F. of 4" service lines, 30 manholes, 1 pump station, and necessary appurtenances. The project will benefit approximately 45 persons, 51% of these are LMI.	\$360,000.00	\$360,000.00
